OBJECTIVE

Final-year BCA student seeking an entry-level Software Developer role where I can apply my skills in web development, Python, and SQL to build scalable applications, gain industry experience, and grow as a software professional.

SKILLS

Programming Languages: Python, JavaScript.

Frontend: HTML5, CSS3, React.js, Next.js.

Frameworks & Libraries: Tailwind CSS, Framer Motion.

Tools & Platforms: WordPress, Git, Vercel.

EXPERIENCE

Web Development Intern / Team Project Contributor

Live Client Projects | *September 2025 – Present*

- Worked as part of a development team on live production websites for real clients.
- Contributed to frontend development, UI enhancements, and responsive design.
- Collaborated with team members to implement client requirements and iterative improvements.
- Gained hands-on experience in real-time project workflows, testing, and deployment.

Fortune Floors – Real Estate Website

 fortunefloors.com

- Contributed to the development of a responsive real estate website with a modern user interface.
- Built and styled page layouts and content sections using HTML, CSS, and JavaScript.
- Improved website navigation, reducing bounce rate and improving usability.
- Currently involved in converting the web application into a mobile application (portal).

Party Stories – Banquet Hall Website

 party-stories.com

- Developed and customized website sections to showcase banquet halls, services, and events.
- Implemented responsive design to ensure compatibility across devices.
- Integrated images, galleries, and content updates based on client requirements.
- Participated in testing and deployment of the live production website.

PROJECTS

AI-Powered Mock Interview Web Application

Final Year Major Project

- Developed an AI-based mock interview platform to help users practice technical and HR interview questions interactively.
- Integrated **OpenAI API** to generate dynamic and realistic interview questions.
- Built modular and reusable components using **Next.js** and **React**.
- Designed responsive and animated user interfaces using **Tailwind CSS** and **Framer Motion**.
- Deployed the application on **Vercel** for fast and scalable access.

Technologies: Next.js, React, OpenAI API, Tailwind CSS, Framer Motion, Three.js, Vercel

Certifications

- **Java Programming Fundamentals** – NPTEL (2023)
- **Python for Everybody** – Coursera (2024)
- **Web Development Bootcamp** – Udemy (2024)

ACHIEVEMENTS

- **Team Head for Club Activities (2024):** Led and coordinated student activities, improving teamwork, planning, and communication skills.
- **Technical Team Member:** Managed technical support for college events, including presentations and audio/video setup, ensuring smooth event execution.

EDUCATION

- **Bachelor of Computer Applications (BCA)**, Fortune School of Business (FSB), Hyderabad
Current Year: 3rd Year
CGPA: **89.55%**
- **Intermediate (BiPC)**, Sri Chaitanya Junior College, Hyderabad
Percentage: **92%** Year: 2022
- **SSC (10th Class)**, SR Digi School, Siddipet
GPA: **10/10** Year: 2020
